Experienced Custom WordPress Plug-Ins Developer and responsible for Delivering Quality Projects on schedule, on budget with 100% Client Satisfaction

Summary

A quick learner and self-starter possessing initiative spirit at various levels and a team player with excellent WordPress Front-End and Back-End Technical, Communication, Demonstration and Managerial skills for analyzing user requirements and ensuring functionality. Confident enough to accept the Challenges and deliver them successfully.

With more than 5+ years of WordPress Experience, I had successfully managed various consistent deliveries of key business projects on schedule, on budget, and many times against the odds.

I am an experienced WordPress Project Leader with expertise in multiple Domains like Travelling, Social Networking, ecommerce, Fashion Industry, Job Portal, B2B, Multi-Level Marketing and various other projects. My current focus is on Project Management. Profitability and innovation are what drive me.

- My mission is Project Manager and to manage big complex projects.
- I am drawn to intelligence, ideas, achievement, and people.
- I am energized by the world of concepts and ideas, and the best method of implementation.
- I am full of ideas and fascinated by new ones.
- Experience might be one of my best teachers.

Interested in great opportunities that can allow me to make the most of my creativity, problem solving and business skills.

Apart from the Managerial Skills I am also experienced in Application Servers including Apache, Technical Expertise in PHP, WordPress, Mobile Responsive Websites, Zend, Smarty, ExtJS, Social Engine.

Responsible for Delivering Quality Projects on schedule, on budget with 100% Client Satisfaction.
